_____
PAST MEDICAL HISTORY_____
_____
FAMILY HEALTH HISTORY_____

Are you taking any Medication?_____
Are you allergic to any medication?_____
Are you taking any supplements or herbs?_____

Informed Consent form for acupuncture

I was informed that acupuncture is an art of healing involving the stimulation of specific points on the body to heal diseases or relieve pain. The stimulation may be produced by needles, heat, pressure or electric currents etc. In the rare instances, patient may experience certain side effects or untoward reaction including but not limited to those related to infection, fainting, bleeding, lung or other organ puncture. Small number of patients may experience short period of drowsiness, and I was instructed not to drive if was effected. Contraindications for acupuncture include history of bleeding disorder or current anticoagulation therapy, implanted pacemaker, damaged heart valve, prosthetic valve or pregnancy. I will inform Dr. Peng if any of these conditions exist.

I understand Dr. Peng is an anesthesiologist, a physician acupuncturist, he is not here to replace my own physicians to provide my regular health care, diagnose or treat my other medical conditions. I came to him after my own physician had made the diagnosis of the specific problem and had ruled out the need of other medical intervention before the acupuncture treatments. I will continue seeing my own physicians for health monitor and treatments. No guarantee of results has been made.

I understand it requires a series of treatments to significantly change my condition. Dr. Peng informs me that he does not take any insurance and does not provide emergency care, hospital service, 24 hours or vacation coverage. I will consult my own physicians for these services.

Privacy Practice Acknowledgement

I hereby acknowledge that I was provided a Notice of Privacy Practices and was given the opportunity or review it. By signing this form, I am consenting to Lake Vue Acupuncture to use and disclosure of my Protected Health Information to carry out Treatment,Payment and Healthcare Operations.
